

REMARKS

This Amendment After Allowance under 37 CFR 1.312 is presented to correct a recent amendment that was only intended to provide updated status information regarding a related application. The recent amendment that is being corrected at this time was submitted on February 25, 2009. It was not our intention at that time to introduce new matter.

Because the amendment addresses formal matters only, they are free of all listed reasons supporting an Examiner's recommendation against entry of an amendment after notice of allowance as specified in MPEP 714.16.I. In particular: 1) No additional search is required. 2) At most, a cursory review of the record if necessary. 3) The amendment would not involve materially added work on the part of the Office, e.g., the amendment would not involve checking excessive editorial changes in the specification or claims.

Thus, Applicants request that the Examiner indicate approval of the amendment as concerning formal matters.

CONCLUSION

Applicants believe no fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 50-0869, under Order No. OIN 1012-1 from which the undersigned is authorized to draw.

Respectfully submitted,

Dated: August 6, 2009
